

eCornerstone Application Update

for January 13, 2005 Deployment

The following changes to the eCornerstone system were deployed January 13, 2005. If you have any questions about this application update or version 2.2.4, please contact the Cornerstone Call Center toll-free at 1-877-447-4221.

NOTE: *The data displayed on screen captures is test data, and in no way reflects actual data being captured by eCornerstone agencies.*

GENERAL INFORMATION

General changes to the application are organized according to the eCornerstone menu, followed by changes specific to each program.

The **eCornerstone Reference Manual** has been updated with all modifications and enhancements outlined in this document. The Reference Manual can be found by selecting "Help" from the menu, or selecting the "Reference Manual" link under the User Help section on the Home Page.

TEEN REACH

The system has been modified so that participants who have been terminated from the Teen REACH program will still appear on the Enter Attendance page for any event(s) the participant attended. Previously, once a participant was terminated from the Teen REACH program, he/she was no longer listed on the Enter Attendance page, even though he/she attended that event prior to their termination.

Changes have been made to the processes for Teen REACH enrollments and re-enrollments.

New enrollments

On the Program Enrollment page, the user will enter the Program Start/Certification Date (the date the current enrollment became active) and the Initial Contact Date (the date the participant first joined the Teen REACH program). The Status Date is automatically set and is identical to the Start/Certification Date. **Once saved, these dates can not be modified.**

Re-Enrollment of participant who was automatically terminated

On the Program Enrollment page, the user will select the "Re-Enroll" button. Once the "Re-Enroll" button is selected, the Start/Certification Date and Status Dates are set to the current date.

Re-Enrollment of participant who was manually terminated

On the Program Enrollment page, the Initial Contact Date (the date the participant first joined the Teen REACH program) is displayed as read-only. The user will enter the Start/Certification Date. Once saved, the Status Date is identical to the Start/Certification Date.

NOTE: The date entered for the Start/Certification Date can not be set to a future date. The Start/Certification Date can not occur prior to the Initial Contact Date. The Start/Certification Date can not be before the most recent Enrollment Termination Date, as two Teen REACH enrollments can not be active at the same time.

YOUTH SERVICES

Modifications have been made to questions in the YASI assessment that refer to a participant's "Mother" and "Father". A participant's mother and father are now referred to as "Parent 1" and "Parent 2".
