A user may view the detail of several specific activities by clicking the "View Detail" link located next to the entry. This allows the user to open details for more than one entry, but unlike clicking the "Expand All" link, not all details will be displayed at once. After one or more detailed views are opened, the "Expand All" and "Collapse All" links are displayed. Clicking "Expand All" will display any remaining detail entries not previously opened. Clicking "Collapse All" will close all the detail views currently open.

 - Enrollment-Assessment Relationship link
 - Create a Case Plan or Work with Case Plan or View Case Plan
