

eCornerstone Application Update

for December 15, 2004 Deployment

The following changes to the eCornerstone system were deployed December 15, 2004. If you have any questions about this application update or version 2.2.2, please contact the Cornerstone Call Center toll-free at 1-877-447-4221.

NOTE: The data displayed on screen captures is test data, and in no way reflects actual data being captured by eCornerstone agencies.

GENERAL INFORMATION

General changes to the application are organized according to the eCornerstone menu, followed by changes specific to each program.

The **eCornerstone Reference Manual** has been updated with all modifications and enhancements outlined in this document. The Reference Manual can be found by selecting "Help" from the menu, or selecting the "Reference Manual" link under the User Help section on the Home Page.

PARTICIPANT MENU

The system has been modified so that users may leave the "Gender" field blank on the **Intake – Add Family Support Contact** page. Previously, if that field was left blank, an error message would be displayed.

When adding a service on the **Service Detail** page, the system has been modified so that the date entered in the "Begin Date" field can not prior to the date recorded in the "Intake Date" field on the Intake – Demographic page. A validation message will now be displayed if the Begin Date for the service is earlier than the Intake Date.

SYSTEM ENVIRONMENT

The **Client Information Bar** below the Navigation Bar has been modified to include the participant's Intake Date. Users will find this information helpful when performing certain functions within the eCornerstone system.

Name: Patterson, Corey	Consent at this Agency: Yes			
Cornerstone Id: P362-2609-9097-00	Gender: Male	Date of Birth: 04/04/1999	Intake Date: 07/01/2004	

TEEN REACH

The system has been modified so that scheduled items can be deleted on the **Scheduled Service/Event (Grouped Item) page** using any of the three "Extent of Change" radio buttons ("This Item Only", "From Today's Date On", or "All Items").

YOUTH SERVICES

The system has been modified to allow the **termination of a participant's program enrollment** that has been given a wait list status and has not yet been assigned to a case worker. Previously, the system would display an error message if this was attempted.
